Creative Writing

What would you wish for? Let's pretend that you have just come face-to-face with a magical genie. The genie will grant you any three wishes you want (except wishing for more wishes!) What is it that you would want most? Write about the three wishes you would make and explain why you would make them.

Example: I would wish for world peace as my first wish. I would love to live in a world where everybody gets along, no fights, no arguments; everybody is just okay with one another...
